Red Lodge, Montana

CREEK HILL

Creek Hill Lane

- LOT 3 -

Breathtaking MountainViews will beckon you to sit awhile on the patio of the home that you will build on this peaceful 2.175 acre lot in the upscale Creek Hill subdivision.

Mother nature will keep you entertained with magnificent sunsets while abundant wildlife dances through the meadows as the orchestra of songbirds play in the background.

Located conveniently about 2 miles from Red Lodge with year-around access, you will find yourself surrounded in the tranquility and beauty of the outdoors in this mountain meadow setting. Willow Creek runs through the aspen tress that line the edge of the subdivision. The area affords good producing wells, utilities in the street, plus the sanitary restrictions have been lifted. You really can bring all your family and friends as the restrictions provide for the ability to have two houses with one being a guest house.

This is truly a little bit of Montana Paradise awaiting you to make it yours.
